

Hungerford Town Council

Community Engagement Policy

1. Introduction

1.1 This document forms Hungerford Town Council's Community Engagement Policy.

It sets out:

- The role of community engagement and its importance;
- How Hungerford Town Council engages the wider community and identifies the needs and aspirations of the community.
- How the Town Council can improve community engagement.

1.2 The objectives of the policy are to;

- Encourage effective local community engagement;
- Ensure that embedded throughout the council there is clear understanding of the need to engage with communities about decisions that affect them;
- Enable aspirations/ comments/suggestions obtained from community engagement to have an impact on decision making and the way services are being delivered;
- Identify how the council can enhance its profile by improving engagement with the wider community (with specific reference to hard to reach groups).

2. Community Engagement – an Overview

2.1 Community engagement is concerned with giving local people a voice and involving them in decisions which affect them and their community. This may include individuals, voluntary and community organisations as well as other public sector bodies.

It provides opportunity for local people to talk to the council about their aspirations and or needs in their community and neighbourhood. It allows the council to consult with and inform people about what services it provides, how it prioritises, how policies are determined and how well its performing.

2.2 The term stakeholder refers to a wide range of people and groups (these might include, residents, visitors, businesses, government, voluntary organisations and public service organisations), all of which have an interest in the council's services and projects.

Hard to Reach groups refers to those who experience social exclusion and are sometimes perceived as being disempowered. Some examples include young people, elderly people, physical disability, language barriers, financial constraints, cultural differences or social expectations. The Town Council will put effort into seeking their views, but it also recognises that sometimes they have excluded themselves through personal choice.

2.3 The key aspects of community engagement include:

- Development of a network of relationships between council, individuals, voluntary and community groups.
- Clear and open communication to ensure that information is made accessible to all groups.
- Listening and understanding from a range of people to identify aspirations, needs and problems of local people and groups.

2.4 Effective and meaningful community engagement can provide several benefits:

- The problems and needs of local people are clearly identified in order that appropriate new or improved facilities / services can be provided.
- Those participating feel empowered by being involved in decision making in their local community.
- This may result in enhanced leadership and greater interest in elections and standing for council.

3. Hungerford Town Council and Community Engagement

3.1 The Town Council will facilitate community engagement in the following ways:

- Make available information on what decisions are being considered and how residents can influence or contribute to the discussions in good time.
Methods used to ensure engagement will be - through the Town Council website, noticeboards, the Town Council's Newsletter within Penny Post, Hungerford Matters within the Adviser, Newbury News, Facebook, Twitter, posters, consultations, reports, emails (where permission is given) and word of mouth.

- All meetings of the Town Council and its committees are open to the public and press and there is a period set aside for residents to speak, in line with the Council's standing orders.

Residents can access agendas for meetings via the Town Council web site and notice boards
Public agendas are also made available at the meetings of the council and its committees.

The Town Council website, noticeboards and agendas explain the procedure for residents wishing to speak at meetings. Facilities also exist where residents can, where appropriate or necessary, make written or verbal reports or present petitions to councillors.

- Planning applications are considered at Council meetings held monthly. The opportunities for people to speak applies equally to these agenda items. Equal opportunity is given to applicants/supporters, objectors and local community groups.
- The Town Clerk's office is required to play a neutral role so that residents can be fully involved and be confident that they are receiving unbiased information and support.

Adopted by Hungerford Town Council October 2019

This neutral involvement will allow more flexibility in the service and the personal element of the contact, will hopefully encourage more involvement from the hard to reach members of the community.

- Details of how to contact the Town Clerk's office will be displayed on noticeboards, council website, Facebook and Twitter. Details of how to contact Councillors will be displayed on notice boards and the Town Council web site.
- A list of annual council and committee dates including the start times of the meetings and agenda distribution dates can be found on the council website.
- The Town Council will be open and accountable in its dealing with residents and the community. It will make information on its policies and procedures freely available.
- The Town Council will be receptive to requests from residents or communities and will attempt to be flexible in order to ensure their opinions are known not only to the Town Council but also to other organisations.

This may be by including an item for discussion on an agenda or allowing a local group to put their opinions into an official report undertaken by the Town Council.

- The Town Council will, operate a "gateway" service from its office to ensure local people and communities are referred to the correct organisation, officer or Town Councillor where the Town Council cannot resolve their issue directly and make sure public are aware of the ways that they can use the relevant systems to make their views known.
- Town councillors will continue to represent the Council on various outside bodies, to ensure that they are kept informed of the communities' needs.

4. Communication
