EP2024057 Planning applications

a) **Ref:** 24/02000/FUL

Applicant: Mr Toby Hunter 1 Park Cottages, Hungerford Park, Hungerford, RG17 0UU

Proposal: Retrospective Application for the sub-division of 1 Park Cottages into two dwellings and retention of external timber cladding

Link: [Planning Documents \(westberks.gov.uk\)](https://www.westberks.gov.uk/planning-documents)

Extension to deadline: not required

Cllr Fyfe presented a detailed overview of the current and previous planning applications for the cottage, which are all available of WBC Planning Portal. It was noted that another 3 are being advertised as short-term holiday lets.

Cllrs noted that the internal specifications were done to a high standard and cladding had recently been added to the cottage, which helped to insulate the property. Questions were raised about an internal wall being removed and whether building control had been involved and questioned how the deck had been installed as water was visibly pouring down the side wall.

It was discussed that no block plan had been submitted as part of the application process and there was no provision for car charging points. SUDS had highlighted recommending the use of water butts and raised planters to help with drainage, the larch looked stained due to run off caused by a lack of guttering by the steps and Cllrs noted disappointment that the developer had not followed due process.

Cllrs discussed that whilst the document stated that the provision of 1 and 2 bedroom properties met with the Neighbourhood Development Plan (NDP) conditions, they did not believe the criteria was met as these properties are not for long term residential use but are being advertised and used as short term lets / Air B&B. It is understood that the developer will move the other properties from the residential market to the short term let/Air B&B market.

District Cllr Vickers confirmed he had not been fully aware of the developments and felt it was important the orange planning notification certificates should be posted at the main gates so those passing by would be aware that there were properties inside the grounds for which planning had been applied for. He also confirmed that whilst no Case Officer has been appointed, he intends to discuss the situation with WBC Planning Dept and will 'call-in' this application if WBC approve planning.

Proposed: Cllr Fyfe

Seconded: Cllr Coulthurst

Resolution: No objection (1 Abstention, rest in favour) as long as following questions answered:

- Was Building Control required to be involved in the sub-division of the property and erection of the steel deck structure?
- Were all building regulations complied with?
- HTC request Car Charging points to be installed
- The Larch cladding has become stained due to water run-off from the deck where there is no guttering. HTC believe this is poor design and should be rectified

There were 11 representations from the public in support of the application and 1 objection. Cllrs noted that from the plans presented by Cllr Fyfe that the owners had made new additions and improvements to the planning and design of the building. There was clear evidence that this will be an exceptional home and should set higher standards of design across the area.
