The minutes of the meeting are recorded in order they were discussed at committee meeting.

FC20260086 Declarations of interest – Cllr Hall (family connection - The Plume)

FC20260087 Approval of Minutes of the Full Council meeting of 5th May 2026, and outcome of actions.

Proposed: Cllr Hall

Seconded: Cllr Terry

Resolution: Minutes of the meeting of 5th May 2026 were agreed, one abstention.

Outcome of actions:

- DG advised she had sent details of the Sovereign garages to Cllr Fyfe.
- A site meeting took place with WBC (West Berks Council) to consider problems of fly tipping at the recycling centre at the Station Car park. Several proposals have been put forward for WBC consideration A structural engineer is carrying out a survey independently on the retaining wall. .
- A sample glossy copy of the NDP has been produced by Hungerford Print Company for consideration.
- In response to the comment that all the money is being spent on Newbury FC and none on Hungerford, DG advised that under the WBC playing pitch strategy money must be spent on Newbury Football Club. The pitch was closed and the stands and pavilion removed. The club is returning to the same location and there will be a 3G or 4G pitch installed, but it can't have plastic as it can pollute the waterways. DG suggested we put a plan together of what Hungerford needs identifying capital costs rather than revenue. Allocation is based on need not per capita.
- Cllr Fyfe commented that out of the £1.8million active travel funding pot, Hungerford has only received a £6K cycle shelter. DG confirmed that there have been other expenses such as footway works at Smitham Bridge, and other aspirations include cycle parking, signed cycle routes etc.
- The date for Chestnut Walk's WAP meeting will be in August. They have had the pre-app and received lots of objections. DG will not be on the planning committee and will be speaking in favour.
- Cllr Hall and Kate Edwards from Town & Manor appeared on Meridian this evening highlighting the concern about litter and dog poo being left on the Common.

- Other actions including the amending of the standing orders, forwarding of our statement on Chestnut walk to the press, and promoting the importance of clearing up after your dog on social media have been completed. Government planning changes will be discussed at E&P.

The following action remains outstanding:

ACTION:

Cllr Fyfe's query on the Station Yard application is being looked in to. The application for Station Car Park has been approved for 42 properties subject to discharge of conditions on SUDS. DG will check the S106 to see what the shared ownership options are.

FC20260088 Receive Mayor's report. Refer to circulated report. (*see attached*) Cllr Hall read out the Mayor's report.

FC20260089 Update on filling of councillor vacancies
Anthony Edginton (a prospective councillor) introduced himself. He moved to Hungerford 2 years ago and lives in a Commons property. He has been a project manager for 10 years in civil service and now works for Vodafone. He was invited to attend future Council meetings.

FC20260090 Update on Sovereign Flats – Prospect Road – There were two police visits to Prospect Road recently, one on blue lights. SNG say they couldn't act as the calls were reported anonymously. One of the tenants is moving out but the other will remain as SNG are now not selling the flats. DG advised SNG will need to make good the property before re-letting. There are huge amounts of rubbish and several shopping trolleys there. WBC can't stop SNG selling off properties. Currently they must tell Government if they plan to and a new bill requires SNG to give WBC 4 weeks' notice before they sell a property. There is a petition to get the length of notice extended. DG is requesting a meeting with SNG. She advised the threshold for viable repair is £40k and if the cost is over this SNG have the right to dispose of the property.

FC20260091 Receive District Councillor's reports – DB advised the member's bid window has now closed. They were oversubscribed and will be having a meeting between the three district councillors to look at how the grant is allocated.
Cllr Reeves asked if WBC planning can speed along the Aldi application as it has received so much support. DG advised it is with Highways and they are working on a safety scheme. She is as anxious as Cllr Reeves to get it done.

ACTION:

DG will find out when we are likely to hear about progress on the application.

FC20260092 Health & Safety – Receive any complaints or concerns – Cllr Hall declared his interest in a complaint received against the Plume for putting tables and chairs on the pavement without a licence. The office has reported it to Highways safety. It is noted that the tables block sight lines near the roundabout.

He has asked WBC why the grass has not been cut since April. Cutting was supposed to resume the Tuesday after the bank holiday, but it hasn't. We haven't received our second cut in May. The long grass results in a loss of open space for residents. Cllr

Reeves agrees with no mow May for areas out of town, but not for urban areas. The rotten bollards at Atherton have been hidden by the long grass and the weeds are spreading which can lead to kerb erosion.

DG said to copy her in if he has to chase further. The contractor should provide photo evidence of each grass cut.

Anthony Edginton is keen to attend the Environment and Planning meeting next week.

ACTION: Clerk to add Co-option to the next Full Council agenda.

Hungerford Mayors report May 2026

Well, where did that month go! Since being elected by the Town Council it has been my sincere privilege to be your Mayor.

One of my first duties was to chair the full council meeting and I read a statement of HTC's position regarding the WBC planning application for Chestnut Walk. We have objected to the provision of a homeless facility that is directly against the key issues facing our town in our accepted and ratified Neighbourhood Plan and this has now been brought before western Area Planning scrutiny in August.

We (Deborah and I) attended our first formal ceremonial events at the mayor making for Newbury and Thatcham and it was really good to see how they launch their new Mayors into their appointments. I wish Cllr Jo Day for Newbury and Mark Lillycrop for Thatcham all the very best wishes in their roles for the year ahead. With Mayor making in mind, I have decided to move the Mayors reception from April to May in future to enable the outgoing Mayor the opportunity to both thank everyone for their support for the previous year and to enable them to launch the new Mayor with an informal handing over of the reigns.

After 12 months of lobbying Sovereign Network Group for progress on the legal adoption of the 10-metre hedge that has been a pedestrian impasse for circa 30 years, I have received an email on behalf of their head of legal promising an update. This was however after a significant degree of detective work and a robust escalation process which so far reached the COE of SNG and with intervention from MP for Newbury Lee Dillion. I await news with bated breath as I have so far been waiting since Monday 18th May on this promise. If this is not forth coming, I will publish the full email trail in the public domain. *(update - we have since received a response from SNG's strategic disposal and asset transformation lead confirming they are happy to transfer the strip of land to WBC and have sent them Heads of Terms).*

I am extremely disappointed with a few selfish and inconsiderate individuals who think it is OK to let their dogs foul the streets of our beautiful town without picking up after them. The Town and Manor face exactly the same challenge

with those who feel the common is actually a dog toilet rather than a land to graze animals and residents to enjoy without fear of excreta. We will be joining forces with T&M on an education and drive for responsible behaviours. You might have seen activity by a small army of various dayglo (both Pink and Yellow) jacketed volunteers in preparation for Hungerford's entry into Britain in Bloom in and around the town. Judging has been announced for the 10th of July. Sadly, we have had some plants stolen from along the Church wall already which were grown by the BIB team. I have now been informed that this has happened again. I really do not understand why some people find this acceptable.

We have as Smarten Up Hungerford re planted the Tubs and planters in the high street and other spots with new flowers for the summer period for all to enjoy and it is a significant challenge to keep them all watered until the contractors take over in June. If you do see someone struggling with watering cans please do lend a hand as its really appreciated.

A small team from HTC met with WBC regarding the issue of fly tipping at the recycling point in the station carpark. A number of proposals were taken away and we are looking forward to enforcement against the perpetrators going forward. Clearly it needs to be understood that it is not a rubbish tip or household waste dump. The message is if it is not recycling and in one of the various skips then it is fly tipping and not acceptable.

I can't attend June's Full Council meeting so deputy Mayor Chris Hall will be in the chair for his first chairing duty so please be kind to him.
