HT20260041. Update on actions from previous meetings

Stuart Gourley has been invited to attend the H&T Committee meeting in September in response to our request for safety improvements to the high street.

Our speeding survey doesn't close until the end of this month so will be discussed at a later date. It was noted that 20mph speed limits in Thatcham have been rejected. Cllr Reeves advised there is evidence that that drivers get frustrated in 20mph areas and speed away causing accidents.

The tree pits are going in and look really good. The trip hazards have been removed.

R&A Committee voted to move the telephone box to outside Farewise Travel who have offered to lock and unlock it. It could be used as a tourism info point or for mixed use to display artwork etc.

The Clerk has reported more flytipping at the Station Car Park.

ACTION 1: The Mayor will write to Kofi at West Berks Council (WBC) chasing action on the problems previously identified at Station Car Park.

HT20260042. Receive any feedback from WBC on suggested scheme for improvement of safety in the high street – Refer to HT20260041 for an update on this.

- HT20260043. Update on West Berks Council work to address issues raised at Station Road Car Park including overflowing recycle centre, and the dilapidated retaining wall.**
Temporary solutions (bin bags) have been put over the incorrect parking signage. The road sweeper has been reappointed to clear the car parks. WBC are aware of the state of the wall and a cheaper alternative to repair it has been suggested. Refer to agenda item HT20260041 for the agreed action.

- ACTION 5:** Add to next H&T agenda for feedback and query bus transport to Newbury from Hungerford for school children.
